

I'll tell you what I do have a problem with. Video games. We never let our kids get anywhere near them. Because I think they make you brain-dead. I know these adults who play them constantly; I know every NBA player supposedly plays video games. I don't care. I think they're asinine. I know there's all kinds, but the violent ones are the worst. Like Grand Theft Auto. I find it absolutely horrible.
